This is the first book in the Wings of Fire graphic novel series; this is a reboot of the Wings of Fire series in graphic novel format and is exactly the same story as in the original Wings of Fire Book 1: The Dragonet Prophecy. It was well done and the drawing is decent. My son is a huge fan of this series, so I actually got this for him. It was fun to revisit these characters and reminisce about where everything started in this series. Praise for The Dragonet Prophecy (Wings of Fire, Book One): "Dramatic battle scenes, double-crosses, and one seriously deranged queen makes WINGS OF FIRE a series that should have broad appeal for middle-grade fantasy fans." The five stars is from my kid, who has read all of the books in the series so far, most of them multiple times. This graphic novel is a faithful interpretation of the first Wings of Fire book., A Graphix Book Wings Of Fire Graphic Novel 1 The Dragonet Prophecy.
