

Download Albertus Sebas Cabinet Of Natural Curiosities Xxl Jumbo

Albertus Seba's Cabinet of Curiosities is one of the 18th century's greatest natural history achievements and remains one of the most prized natural history books of all time. Though it was common for men of his profession to collect natural specimens for research purposes, Amsterdam-based pharmacist Seba (1665–1736) had a passion that led him far beyond the call of duty. Review A gorgeous testament to the wonder with which the Old World surveyed the New. --Wall Street Journal - November 30, 2001 Perhaps this year's most unusual book. --Town & Country, December 2001 About the Author Irmgard Müsch, born in 1967, studied art history, history and classical archaeology in Mainz and Berlin. Her Ph.D. thesis from ...Albertus Seba's curious creatures A most unusual collection of natural specimens Albertus Seba's "Cabinet of Curiosities" is one of the 18th century's greatest natural history achievements and remains one of the most prized natural history books of all time.
