There are no reviews or pics of these types of childcare logs, so it makes it very difficult to choose. I ordered two different books to see what was inside. This is the childcare log I prefer, because it's not restrictive and allows for more versatility. Other logs give the same room for diaper notes as the do for behavior and activities. I want to know more about behavior and activities at 19 months than feedings and diaper changes. Noté 0.0/5.
