

# Download Costa Rica The Real Retirement Facts Of Living In Costa Rica

When living in Costa Rica, you can't escape the country's untamed natural surroundings. Costa Rica's economy is heavily dependent on ecotourism. And if you've even seen so much as a single photo slideshow highlighting the country's natural beauty, then you can easily see why. While Costa Rica is more expensive overall than some of the other popular retirement destinations, it is still more affordable than living in the United States. Some More Facts About Costa Rica Tico or tica for females, is a term Costa Ricans use to refer to themselves – this is someone who was born in Costa Rica. The term Tiquicia, also the name of a popular authentic restaurant in San Jose, is used to describe something that is “very Tico,” in other words, highly authentic. I was thinking about Cartagena, Colombia; Costa Rica; or Iquique, Chile. Reading these comments answered some questions for me. But I also can comment on what it is like in general for the gringo to come live in Latin America. I think 1/2 or more of you reading this are not good candidates for moving to Costa Rica or anywhere else., Costa Rica The Real Retirement Facts Of Living In Costa Rica.
