

# Download Globalization A Short History

"Globalization" has become a popular buzzword for explaining today's world. The expression achieved terminological stardom in the 1990s and was soon embraced by the general public and integrated into numerous languages. Moreover, they demonstrate how globalization in the mid-twentieth century opened up the prospect of global destruction through nuclear war and ecological catastrophe. In the end, the authors write, today's globalization is part of a long-running transformation and has not ushered in a "global age" radically different from anything that came before. 'Globalization' has become a popular buzzword for explaining today's world. The expression achieved terminological stardom in the 1990s and was soon embraced by the general public and integrated into numerous languages. Arguing that the world did not turn "global" overnight, the book traces the emergence of globalization over the past seven or eight centuries., Globalization A Short History.
