Commonly Overlooked Microsoft Dynamics GP Timesavers. Microsoft Dynamics GP is designed to make accounting easier and quicker. Make it quicker still by incorporating these commonly overlooked keyboard shortcuts and time-saving features in Dynamic GP. Microsoft Dynamics GP shortcuts appear in the upper part of the Navigation pane when you display your Dynamics GP Home page. Use shortcuts to quickly open frequently used windows and resources within Dynamics GP. I have been doing a fair bit of explanation around Cashbook Management and Bank Reconciliation modules in GP over the past few weeks. I found the explanation from Brian Wick below was pretty good. Today while giving a user access to Safe Pay (Tools > Routines > Financial > Safe Pay), I realized that there wasn't an inbuilt task/role for Safe Pay., Microsoft Dynamics Gp For Dummies.
