Olive, the Other Reindeer is a 1999 American computer-animated Christmas television special written by Steve Young, based on the children's book by Vivian Walsh, and directed by Oscar Moore. The legend of Santa Claus goes way back, and branches off in many directions. But he has only used reindeer to pull his sleigh full of toys for the past 200 years or so... or at least that's as ...I am going to be reading to my class Olive the other reindeer. Then I am going to let my students make reindeer puppets by using a lunch bag and turning it upside down. Origin of the name Olive: Evolution of the older and now unused Oliva, which was taken from the Latin oliva (a tree of the olive family). A branch from the olive tree has long been regarded as a symbol for peace., Olive The Other Reindeer.
