

Download Slavery A World History

In *Slavery: A World History* renowned author Milton Meltzer traces slavery from its origins in prehistoric hunt. Although it has flourished in some periods and declined in others, human bondage for profit has never been eradicated completely. Slavery is not and has never been a "peculiar institution," but one that is deeply rooted in the history and economy of most countries. Although it has flourished in some periods and declined in others, human bondage for profit has never been eradicated completely. Slavery enters human history with civilization. Hunter-gatherers and primitive farmers have no use for a slave. They collect or grow just enough food for themselves. One more pair of hands is one more mouth. There is no economic advantage in owning another human being. Drescher (2009) provides a model for the history of the abolition of slavery, emphasizing its origins in Western Europe. Around the year 1500, slavery had virtually died out in Western Europe, but was a normal phenomenon practically everywhere else., *Slavery A World History*.
