The Art of the Peales in the Philadelphia Museum of Art: Adaptations and Innovations [Carol Eaton Soltis] on Amazon.com. \*FREE\* shipping on qualifying offers. A fascinating overview of the Philadelphia Museum of Art's unparalleled and diverse collection of works by the Peale familyA fascinating overview of the Philadelphia Museum of Art's unparalleled and diverse collection of works by the Peale family, America's first artistic dynasty Active from the late 18th through the early 20th century, the Peale family was America's first artistic dynasty. So much of what American art (in the broadest sense of the term) became can be traced back to the activities of this extremely inventive and prolific family. From miniatures to mastodons, they had it all covered. The Philadelphia Museum of Art has the largest and deepest collection of Peale works in a variety of media. This book gathers them together and, what's more, uses them to tell a story that is both integral to our city and quintessentially American. The Art of the Peales, by Carol Eaton Soltis, will be complemented by an online component currently being created for the Philadelphia Museum of Art's website, where the book is also available. The site will provide updated information on publications, provenance, and exhibition records relating to the museum's Peale collection., The Art Of The Peales In The Philadelphia Museum Of Art Adaptations And Innovations.
