

Download The Cost Of Racism For People Of Color Contextualizing Experiences Of Discrimination Division Cultural Racial And Ethnic Psychology

Although the volume targets experts in subfields of psychology, the content and perspectives are important for anyone studying the cost of racism for people of color. — Choice Virtually all scholars should find this book interested and helpful, especially those in ethnic studies, public health, and sociology. Dr. Liang also examines the role of coping, psychological rumination, and just-world beliefs in the associations between perceived racism and health outcomes for people of color. His work has been published in a number of peer-reviewed journals. Social psychologists have long been interested in the perpetrators — historical, ideological, and individual — of racist beliefs and behaviors. But researchers have spent far less time investigating the experiences of the targets of racism. What are the effects — every day and long-term, physical and psychological — for people targeted by racist acts and ideologies? And what can ... Title The cost of racism for people of color : contextualizing experiences of discrimination / edited by Alvin N. Alvarez, Christopher T. H. Liang, and Helen A. Neville., The Cost Of Racism For People Of Color Contextualizing Experiences Of Discrimination Division Cultural Racial And Ethnic Psychology.
