What Hampton does is just so much more focused on the 33 1/3 hour flight in 1927 that changed his life and ours. I really could put myself in the cockpit with Lindbergh and feel the cold, the turbulence, hear the noise of the Wright Whirlwind and experience the fatigue that he endured during that flight. Well worth the time to read, I recommend this book without reservation., The Flight Charles Lindbergh's Daring And Immortal 1927 Transatlantic Crossing.
