This is a great play, and written with such energy that it really needs to be seen in performance. But if living in a theatrical vacuum like me , the second best option to to buy the text and 'play' the scenes out in your head. The play The Pillowman is a story about a writer who is being interrogated; his dark works are inspiring real murders. The characters are well-written and the story follows a good pace. This play is bleak but the ending is very good and I think fans of drama will enjoy and appreciate this truly original work. The Pillowman is interesting but indeed a darker play. I was sad after my first read. I was sad after my first read. Though, I am stunned by the imaginative skills of the writer.
