Restless Development Tanzania has been operating for 25 years. In the coming year, more than 500 young leaders will work across 15 regions in the country, supported by 65 Restless Development staff in Dar es-Salaam, Iringa, Mbeya, and Ruvuma. With strong partnerships at the national level - including with the Ministry of General Education and the National Youth Development Council - Restless Development Zambia is also an influential leader in monitoring sexual health and rights commitments across the region through the East Africa Commitment on Comprehensive Sexuality Education.
