In many ways it was Theo who created the Van Gogh myth, sacrificing his own name to promote that of his brother, and eventually sacrificing himself when he believed that he had failed. Theo first arrived in Paris in 1884. I'm no scholar, but after the few books I have read on the subject of Vincent van Gogh, I knew enough to see there could be no other way. It was for that reason that I gave it as high a rating as I did, for if it were not about a subject that interests me immensely, it would have been lower., Theo The Other Van Gogh.
