Learn more Enter your mobile number or email address below and we'll send you a link to download the free Kindle App. Book Description: In Russia, a group of leading Russian intellectuals and social scientists join with top researchers from around the world to examine the social, political, and economic transformation in Russia. Understanding Russia includes chapters titled “Territorial Fatigue: New State, New Borders,” “Society: Fragmented But Reinvented,” and “The Economy: Is There a Russian Disease?” Take these titles as a sign. Laruelle and Radvanyi are relentlessly pessimistic, and while Russia’s social and political ills are covered extensively, potential solutions – as always, it seems – are beyond the scope of the book’s research. (Co-authored with Jean Radvanyi) This timely book provides a balanced and comprehensive overview of the geographical, historical, political, cultural, and geostrategic factors that drive Russia today., Understanding Russia The Challenges Of Transformation.
