

Download Whos Pulling My Strings

"Stop hiring them.....and they will go home. Every other immigrant I know has to have a slew of paperwork and oversight to work here, or they are deported [ask any Software Developer from India].Anyone who has needed to wade through law school essays, summer clerkships, and legal document reviews will know that the world of law can be more tedious than David E Kelly would have us believe.According to The Story of AC/DC: Let There Be Rock, Angus Young created the distinctive opening guitar part by playing with all the strings taped up, except the B.I was 22 and had just graduated college. My job in New York City didn't start for about another month so I headed back to the dreaded Midwestern suburb that I grew up in to pass the time., Whos Pulling My Strings.
